

# Instructions for the students

1) Follow the below procedure which is shown in the video for accessing the project

Link: <https://youtu.be/TLC5rppYWv0>

2) Once you access complete the project as per the instructions given in the SmartInternz Portal

3) Once the project is completed then you need to make the document for the project

4) The documents for the project will be in phase wise and they are

- Ideation Phase
- Project Planning phase
- Project Design Phase
- Requirement Analysis
- Performance Testing

5) For your reference, please find the below attached GitHub link for the documents

Reference Link: <https://github.com/Mahendra-91544/Prevent-User-Deletion-if-Assigned-to-an-Incident/tree/main/Document>

**Note: Do not submit the same documents those are only for the reference and if the same documents are submitted that submission will be invalid while evaluating the projects and no marks will be given**

6) Once the documents are done then next make a demo video with voice over with anyone member from the team and upload the video to a google drive and make it to public and the reference video is provided in the below link on how to make a demo link

Demo video reference Link: [https://drive.google.com/file/d/1Exbfq1OXSuo0HLditdQy3ECdSdi\\_4wO-/view?usp=sharing](https://drive.google.com/file/d/1Exbfq1OXSuo0HLditdQy3ECdSdi_4wO-/view?usp=sharing)

7) Once these two are done then anyone from the team need to create a GitHub account and if existing account is there they can use that and procedure for creating the GitHub is given in the below link

Link: [https://youtu.be/nFsqnTbJl7c?si=7zleQ\\_0tExGNH3Q0](https://youtu.be/nFsqnTbJl7c?si=7zleQ_0tExGNH3Q0)

8) Once the account is created create a separate repository for the project and submit the Phase wise documents and demo video in the GitHub
